Pregnancy Testing

What do I do if I think I may be pregnant?

Pregnancy tests are available here at the Campus Health Center without charge for those with the student insurance. If you don't have insurance, the price is \$15.25. You need to wait 8 to 10 days after any possible conception for the test to be valid. Call and make an appointment with the treatment nurse (951-827-3031). It is a urine pregnancy test, and results are usually available in about 20 minutes. Referrals are given for pregnancy options. We refer to family planning and obstetricians.
